# CALL FOR ABSTRACTS

**DUE 08 MARCH 2010**

## *Advances in Geotechnical Engineering*

An overwhelming response to the Geo-Frontiers 2011 Call for Proposals has resulted in a broad and exciting technical program. 9 distinct tracks and 50 technical paper sessions have been selected. Submit an abstract and become a part of the Geotechnical event in 2011

### ABSTRACTS

Abstracts must be 200-300 words on any topic relevant to the conference.

Authors whose abstracts and draft papers are selected should submit a final paper along with the signed copyright agreement and the paper deposit fee that will be credited towards the conference registration. All papers accepted for the conference constitute agreement that the author(s) pay a \$150 paper deposit when the final paper is submitted, and will register for the conference at the appropriate fee(s), attend the conference, and make their presentations in person.

### EXPENSES

All expenses associated with the preparation, submission and presentation of abstracts and papers are the responsibility of the authors and co-authors. This includes camera-ready manuscripts and illustrations. Scholarship and/or travel funds are not available for conference attendees. All attendees are required to pay conference registration fees.
